### **The Time has Come!**

Many Jews day in the first century anticipated the "Day of the Lord" or Doom's day. John the Baptist had preached its nearness. There was a debate over the exact nature of this event and its imminence. Jesus warns his followers not to become unduly upset over it. He urges them not to be worried over the signs that were said to presage it. He clearly teaches that the "Day" would not bring the destruction of the world, but the conclusion of the pre-Christian era. In the new world, Christians should expect persecution. He promises to give his disciples spiritual wisdom to counter their foes. (Lonsdale Commentaries & Clip-Art
